

Husqvarna Soff-Cut 750.

Applications.

- Ultra-early entry concrete cutting system to reduce random cracking.
- Ideal for light to medium-duty usage on commercial and industrial applications.

Benefits.

- Self-propelled gas saw with hydrostatic transmission.
- Patented low-noise and low-dust blade block enclosure.
- Mechanical blade depth control.
- Integrated weight block maintains proper weight balance for a consistent cut.
- High strength single piece frame.
- Center lifting handle.
- Distinctive roll cage style framework.
- Easy pull start engine.
- Patented dry-cut diamond blade, anti-ravel skid plate and safety arbor.

Diamond blades.
